This pathological state is marked by a striking general retardation in the growth of the body implicating the skeleton, the muscles and the organs, while permitting a relatively fair development of the brain. The material on which the present description is based consists of five cases of intestinal infantilism which I regard as typical and fully developed examples of this distinctive state. And in addition to these cases I have studied five others of shorter duration and subacute course, which I am disposed to consider as instances of intestinal infection capable of giving rise to pronounced...

Reviews

This is the best pdf i have got go through until now. It is loaded with wisdom and knowledge I discovered this publication from my i and dad encouraged this book to find out.
